
PREPARATION IS THE KEY TO SUCCESS!

Math Intervention Schedule 2019

6th Grade

	Lesson	Days Assigned
Lesson 1	Writing Fractions, Decimals, and Percents	2
Lesson 2	Simplifying Using Order of Operations	7
Lesson 3	Simplifying Using Properties	2
Lesson 4	Solving Problems Using Ratios, and Rates	3
Lesson 5	Solving Percent Problems	2
Lesson 6	Modeling and Solving One-Step Equations	3
Lesson 7	Converting Units	2

7th Grade

	Lesson	Days Assigned
Lesson 1	Solving Problems Using Ratios, Rates, and Percents	2
Lesson 2	Solving Problems Using Similar Shapes and Scale Drawings	3
Lesson 3	Modeling and Solving One-Variable Equations in Inequalities	7
Lesson 4	Reepresenting Rates of Change	2
Lesson 5	Finding Circumference and Area of a Circle	2
Lesson 6	Finding Area of Composite Figures	3
Lesson 7	Finding Volume of Prisms and Pyramids	2

8th Grade

	Lesson	Days Assigned
Lesson 1	Finding Slope and Y-Intercept	1
Lesson 2	Graphing Proportional Relationships	1
Lesson 3	Writing Linear Equations	1
Lesson 4	Making Preditions with Trend Lines	1
Lesson 5	Identifying Functions	1
Lesson 6	Using the Pythagorean Theorem	1
Lesson 7	Finding Volume of Cylinders, Cones, and Spheres	1
Lesson 8	Finding Surface Area of Prisms and Cylinders	1
Lesson 9	Describing Translations, Reflections, and Rotations Algebraically	1
Lesson 10	Describing Dilations Alrgebraically	1
